

## The Birthday

G'day mate

The women have gone troppo. I blame your missus for this. Now they're organising a Bollywood do - for ya birthday! Went to that place in Kearns Crescent again this arvo... came back yakking about saris, henna patterns and chana masala (that's food ain't it?). Oh yeah, and giving me 'the look'.

Mate I've seen that look before and I'm not frocking up for anyone!

G'day Gazza

Party turned out alright though but. Ha ha, got some good pics of you mate.

Didn't tell ya but Maive arranged this gift voucher for me birthday. Hand delivered by this Prana mob... booked me in with their personal trainer (a bloke her boss found on [www.prana.com.au](http://www.prana.com.au) and reckons is the real deal).

Bloody cheek but wouldn't mind trimming the load a bit... not that I really need to. But you do mate. No offense.

Wanna give it a go?
